Hop into Spring with Spectrum WASP

Sunshine Warmth Melts Winter Blues...

Spectrum WASP are bursting with excitement with our latest funding bid, granted from The National Grid...It all started with a funding bid put forward in November asking for an innovative idea with the current cost of living crisis... "How can we keep our Families, Children/Young People warm without having the use of any Money/Gas/Electric???" Oodies that's how! Within days we received the e-mail we had all been anticipating...The National Grid was so impressed with our idea they granted the bid immediately and we received the funding...

With a HUGE order being placed we received the 25 tracking numbers...Our pallet was on the way! After unpacking and sorting into piles, we bagged an Oodie for each Child/Young Person attending the amazing screening of "WONKA" at the Odeon in Mansfield for our annual Christmas Movie of 2023...Each Child/Young Person was greeted on the Morning with their very own Spectrum WASP "WONKA" bar of Chocolate, Golden Ticket and Babyccino from Costa and took to their seats for the screening. Upon leaving the Cinema our Children/Young person showed their Golden Ticket to receive their Special Gift/Bag, Giggles of Joy, Happiness and Excitement echoed through the Cinema...It was one of those moments that make you realise why we do what we do, seeing how happy the Children/Young people were and knowing what a difference the Oodies would make in keeping them **WARM** over the coming winter months...The feedback and photos that have been received in the Spectrum WASP office have been invaluable, with Parents/Carers able to cut down on their heating, Children/Young people putting there Oodies on as soon as they get home and so much Gratitude and Thanks being received...Spectrum WASP would just like to say a BIG Thank You to The National Grid for making this idea possible...
